

Regarding the proposed constitutional amendment (Marsy's Law) on your April 7, 2020 Wisconsin Ballot:

LOTUS is proud to have earned the trust and status as leading experts in protection of victim rights. We encourage voters to inform themselves and critically evaluate the motives and results of all proposed changes to law. Currently, Wisconsin victim rights are explicitly stated (see Wisconsin Statute Chapter 950 "RIGHTS OF VICTIMS AND WITNESSES OF CRIME" <https://docs.legis.wisconsin.gov/statutes/statutes/950>).

LOTUS stands confidently by our work, honored to serve our clients, and committed to our mission of providing comprehensive legal services to victims of gender-based violence and human trafficking. We will continue to pursue enforcement of all laws that seek protection for victims."
